Mr. Harold Weisberg
7627 Old Receiver Rd.
Frederick, MD 21702

Dear Harold:

I have been a little under the weather from a heat stroke I had in June, but now I am getting back on my feet and I feel pretty good. I read your book and that is the only book I've read concerning the assassination. I did read one book written by a professor from Indiana University who wrote about the Jack Ruby Trial. I think your book is very interesting.

I hope your health is better.

Sincerely,

Henry Wade
